HAVING ISSUES?

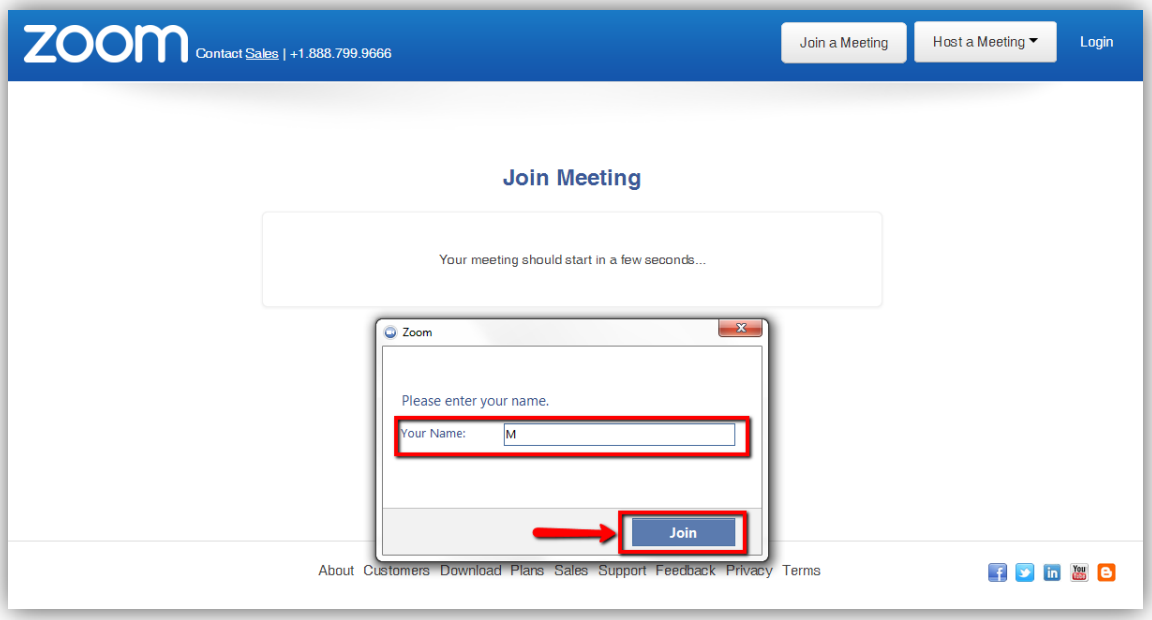
6. The following window will only be shown if you have Zoom installed on your computer. Otherwise you will have to download the launcher of the application in the following link: https://www.zoom.us/

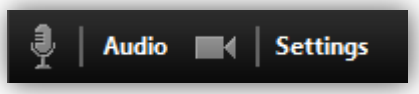
- Enter the name you want to have in the meeting and click in "**Join**".



7. The meeting will open in a new window where you will have the following options:

A.

- Mute your microphone just by clicking on the icon.
- Turn off your camera just by clicking on the icon.
- Modify and check your settings of audio and camera.



B.

- Invite a participant to the meeting.
- Share your computer screen to all the participants for showing specific details you do on the screen.
- Chat to all the participants or specific ones.
- Record the meeting for having a backup of the information.
- Leave Meeting
